To All Hospitality Ministers:

I have been advised that we have a new carafe for the wine and it is a little heavier. It would be best NOT to let little people carry this up to the altar, adults should do this.

Also, please have your people lined up and ready to walk the aisle before Father reaches the bottom step. As Father reaches the step, the first person carrying the basket should be starting the stroll down the aisle.

If there are any questions, please give me a call.

Thank you and Peace to all.

Marie Robey
